

Life skills, academic, view nature in a different way, emotional development as she bonds with her classmates

How has your child benefited from Forest School ?

It was great for his creative skills and imagination

Social and academic

He loves the outdoors and sticks

Learning about nature, social skills and physical- climbing trees

Emotionally, socially and possibly academically depending on what is discussed in the sessions.

# Year 1

Connection with nature, interest in discussing nature

The opportunity to get out of the classroom and spend more time outdoors. My son loves being outside...

Nest making, looking at different leaves, she loved just being outside - "even in the rain". All positives. She never mentioned anything negative.

Can you list any positive/negative points about Forest School?

She learned worms breathe through their skin and other nature facts.

A trip to a woods-Wick woods, would be amazing.

They didn't say anything negative, but they enjoyed being outside and doing the tasks and activities, like creating a forest crown from leaves.

He loves being outside

It's great for kids who love every thing outdoors

His favourite session was the last one when they got to make crowns and tell stories. He was very positive about every session and has not mentioned any negatives - apart from the fact they don't get to do forest school any more.

Pieces of glass in park forest area. Cold when not wearing hat and mittens brought to school. Outdoors is otherwise positive.
