

Introducing our Junior Road Safety Officers

Welcome, Lauriston families!

We are delighted to introduce our new Junior Road Safety Officers (JRSOs). These Year 5 pupils are ready to help make journeys to and from school safer, healthier and more enjoyable for everyone in our community.

Our JRSOs will listen, share ideas and work with children, adults and local partners to encourage safer, active travel around Lauriston Primary School.

Meet our JRSOs

Please join us in congratulating Ada, Edith, Lark, Harry, Ethan and Caspar as they take on this important role.

What does the role entail?

Our JRSOs will be the eyes and ears of road safety in their community. They will notice concerns, listen to the experiences of others and raise issues with the council so that local ideas and improvements can be considered.

They will also support Hackney and the Mayor of London in working towards **Vision Zero** – the aim of making roads safer for everyone.

How they will make a difference

- Be good role models for safer, active travel and encourage their peers to “do as they do, not as they say”.
- Organise road-safety events that are interesting and relevant to the children they know.

Help children and adults learn from their knowledge and experience.

Everyone has a part to play. By sharing ideas, looking out for one another and making safer choices, our school community can help every journey begin and end well.

Coming soon: a school-road audit

Shortly, the school will hold an audit around the school to check that all signs are visible. Our JRSOs will help us look carefully, notice what is working well and identify anything that may need attention.

Look out for our Be Bright Day!

The school will also be running a competition to make a Bright Beasts mask. Children and families, watch out for more information!

Thank you for supporting our new officers and for helping us build a safer, more active and welcoming community for every child and family.

Our shared goal

Safe journeys, active travel and a community where every voice is heard.
