# Lauriston Primary School Online Safety Agreement (KS2)

At Lauriston Primary School everyone should feel safe in school at all times. This includes staying safe when using the computer and on the internet - whether at home or at school. These rules will help to keep you safe.

- I will not bring in mobile equipment and use it in school.
- I will ask permission from an adult before I use the internet.
- I will use the school computers and technology sensibly.
- I will only look at my own work and not delete anyone else's files.
- I will not bring in a USB from home without permission.
- I will only e-mail people I know, or a responsible adult has approved.
- I will always be polite and use appropriate language when emailing or sending messages.
- I will not give out my personal information or arrange to meet anyone.
- I am aware that some websites and social networks have age restrictions and I should respect this.
- I will not open an attachment, or download a file, unless I know and trust the person who has sent it.
- If I see anything I am unhappy with or I receive a message I do not like, I will not respond to it but I will show a teacher / responsible adult.
- I know school will check my computer and be able to see what I am doing and what sites I have visited.
